Award Criteria Questions:

- 1. Does the LEA have other resources to complete the construction project(s) that is proposed?
- 2. How much current debt does the LEA have?

\*\*CSFA means Charter School Finance Authority Bonds; USOE Loans means USOE Charter School Revolving Loans

- 3. What will be the impact on completing the project(s) if the full amount of the request is not funded using QZAB/QSCB methods?
- 4. What is the financial stability of the LEA?
- 5. Are the estimated costs for the project(s) reasonable and likely to be sufficient to complete the project within the time allotted?
- 6. Is there a positive track record of the LEA's construction reporting--on time, complete and accurate?
- 7. What other financing sources have been requested for the same project(s) requested to be funded with QZAB/QSCB financing?
- 8. What is the ability of LEA to fund project(s) through local sources?
- 9. What is the percent of total number of students eligible for free and reduced lunch affected by project if QZAB is requested?
- 10. What is the relative economic stimulus value of the project(s)?
- 11. Is the Governor's energy efficiency program incorporated within the project(s)?
- 12. Is life safety a component of the project(s)?
- 13. What is the relative marketability of the QZAB or QSCB bond by the school district or charter school?
- 14. Has the LEA provided a priority listing of projects when asking to fund multiple projects?
- 15. Do the projects prioritize instructional space over other space?
